

BEREAVEMENT SUPPORT 2017-2018

The Group continue to support all within our communities who wish
For our help in times of great personal sadness.

The Annual Memorial Service was very well attended this year with an increase in numbers. After the service there was a Blessing in the Memorial Garden and refreshments in the Village Hall.

We had a very informative visit to the Cumberland Infirmary with Annie Gray Chaplain of the hospital. She explained her role and gave us a really good insight into her work and a tour afterwards. It is hoped that the link with the Hospital and Annie will continue. She is always looking for people to volunteer.

There is a new Chaplain at the Hospice and we hope to organize a visit there in the future.

Please pray that people who need our support will ask for it and that we as The Bereavement Support Team are able to provide this.

Angela Horsley
