

Music Group Report

The music group leads the worship at the 10.30am service every Sunday at Scotby. I am continually grateful and encouraged by all the members commitment and enthusiasm in attending every week when possible. We are very blessed to have such a variety of musical talent in our church! A special mention should go to Derek who faithfully provides music on his guitar at many other services. We continue to introduce new songs to our worship but our aim is to balance this with the much loved traditional hymns.

Please pray for the music group, that we continue to work harmoniously together in order to lead the church in praise and worship. Please also pray for Ian as he recovers from his oral surgery.
Ydell.
