

## Cumwhinton Home Group

This meets on alternate Friday evenings at the home of Steve and Susanna Salkeld. The group, led by Steve, has 9 regular attendees and enjoy fun and fellowship while looking at God's message. We use a range of materials including DVDs and study guides to generate discussion, debate, learning and laughter all revolving around Biblical messages and Christian living.

In the past year the group has studied the book of Titus, as well as 'Simplify' - this explored how to eradicate clutter from our inner world, leading to greater energy, clearer purpose, richer relationships and more. We have just completed an in depth study on Romans 8-16. We all find the study times a great opportunity to learn about and share God's word. We learn so much from each other and value each other's contributions and friendships formed.
